

L LEAVES (LEAVES SONG)

"L for leaves and l says l"

Three cool leaves were singing "hey, hey"
And grooving about on the trees one day
The wind came howling through the town
And one cool leaf came a-tumbling down

Two cool leaves were singing "hey, hey"
And grooving about on the trees one day
The wind came howling through the town
And one cool leaf came a-tumbling down

One cool leaf was singing "hey, hey"
And grooving about on the trees one day
The wind came howling through the town and
That one cool leaf came a-tumbling down

What became of the leaves?
I cannot say
But perhaps they're still singing
And groovin' in leaf heaven today!
