

## **on THE FARM**

On the farm there lives a cow  
And that cow she gives us milk  
Milk to drink!

On the farm there lives a hen  
And that hen she lays an egg  
I like it boiled!

On the farm there lives a cat  
And that cat can catch a rat  
Fancy that!

On the farm there lives a horse  
And that horse takes us for rides  
It 's fun of course!

On the farm there lives a sheep  
And that sheep she gives us wool  
It keeps me warm!

On the farm there lives a pig  
And that pig makes grunting sounds  
And mucks around!

On the farms there lives a dog  
And that dog rounds up the sheep  
Sure saves my feet!
