

## **GOOD MORNING MY LITTLE ONE**

Good morning my little one, how are you?  
Good morning my poppet, how do you do?  
I can't wait for the day to begin  
When I see your cheeky grin  
A thousand hugs I want to share  
Do you know how much I care?

Good morning my little one, how are you?  
Good morning my poppet, how do you do?  
Good morning my sweetness, how are you?  
Good morning my pumpkin, how do you do?

It's always such a big surprise  
When I see your twinkly eyes  
How I love your open arms  
You captivate me with your charms

Good morning my sweetness, how are you?  
Good morning my pumpkin, how do you do?  
Good morning my little one, how are you?  
Good morning my poppet, how do you do?

I can't wait for the day to begin  
When I see your cheeky grin  
A thousand hugs I want to share  
Do you know how much I care?

Good morning my little one, how are you?  
Good morning my poppet, how do you do?
