

3 BIRDS

1, 2, 3

Numbers 1 to 10 Gus would love to teach
while he's having fun playing at the beach
Numbers are easy I'm sure you'll all agree
Can you guess what's next? Yes, it's number
three!

Three birds have come to say hello
To Gus the friendly hippo
He likes to share his morning snack
And hopes the birds will visit back
Chippies for hungry birds
Who squawk "thank you", the magic words
Three birds have come to say hello
To Gus the friendly hippo
