

5 CRABS

1 2 3 4 5

Numbers 1 to 10 Gus would love to teach
While he's having fun playing at the beach
High five and do a little jive
'Cause ready it's the groovy number five!

Five crabs playing together in the sand
Gus thinks the five crabs are in a band!
Especially when they click
Their claws in time
He wonders if they're playing a
Nursery rhyme!

One, two, three, four, five crabs play
On a lovely warm summers day
Five crabs playing together in the sand
Gus thinks the five crabs are in a band!
