

7 FISH

1, 2, 3, 4, 5, 6, 7

Numbers 1 to 10 Gus would love to teach
While he's having fun playing at the beach
I feel I really am in seventh heaven
'Cause coming up is my favourite number
seven!

Seven fish swimming, in the sea
Looking around, happy as can be
One fish says "I think it's really cool
To be a member, of this fish school"
Swimming on top, Gus makes a little wish
That he could swim like the seven little fish!
Seven fish swimming, in the sea
Looking around, happy as can be
